Merino, washed ...... 00 38 REMARKS.—The market this morning opened very dull. Flour quiet with a very light de-

WOOL, Common Unwashed ..... 00 28

mand. Wheat dull and prices 5a8c lower; offerings of 700 bushels white of inferior quality, and 2950 bushels red, ranging in quality from poor to good; sales at 195. 215, 240, 250 and 254. For good grades there is a fair demand, but badly cleaned and tough are very difficult of sale, and the large quantity of this description tends to depress the market. Corn dull and lower; sales of good white and mixed at 116a117 and damaged at 100a105; offerings did not exceed 1000 bushels. Bye wanted, but the supply very limited; fair to good 140a145. There was some activity in Oats, at a further decline in prices. At the opening of 'Change sales were made at 52a55, but towards the close there was an improvement, and the bulk sold at 58a60; offerings of 3908 bushels. Provisions quiet and

COAL TRADE .- The Philadelphia North American says: "The demand for coal in the Eastern n arket is increasing, while the wants of the line trade are better supplied, owing to a few more collieries having started during the past week. The price of Lehigh coal has been advanced twenty-five cents; and it is stated that the tolls from Mauch Chunck to Elizabethport will be advanced twenty-eight cents per ton Official information has been received from the Lehigh Valley Railroad Company, that, on and after Monday, the 28th instant, the rate on "through coal" for shipment will be 81 cents from Mauch Chunk to Philipsburg-an increase of 12 cents; and no doubt the former statement is correct. Quite a number of collieries started at ten hours during this week, but the strikers soon stopped the majority of them. The operators are now confident that the men will go to road company filed a bill of injunction, stating work next week at ten hours."

The week at New York closed with a firm money market on Saturday at 4a5 per cent for call loans, and 7 per cent for prime business notes. The movement of currency to the West last week was much larger than at first supposed, and the various Express companies report in the aggregate eleven millions, chiefly in Na tional Bank notes. At this rate it will not take long to put the rates of interest up to 6a7 per ci and make money quite active. There is a general disposition among the banks and capital-ists to prepare for the fall demand for money to the seaboard.

N. Y. FALL TRADE .- The N. Y. Journal of Commerce says: "Opinions are very divided in relation to the fall trade. The reports in relation to the crops show that, as a whole, our country has been highly favored, and will have a liberal surplus to spare for export. This will be of little use either to ourselves or others, if it extremity of the highest tide to float it to mar-

GEORGETOWN CATTLE MARKET.-The sales at Drovers' Rest, on Friday, were brisk: 275 head of Cattle at \$4a7 per 100 lbs gross; 800 Sheep and Lambs at \$1 50a4 25 per head; 30 Cows and Calves at \$25a70.

RECEIPTS OF PRODUCE BY RAILROAD. The following are the receipts of produce, &c., by railroad, for the past week:

O., A. & M,-Corn 8824 bushels, wheat 11 531 rye 542, oats 13,617, corn meal 65, potatoes 80 bushels, mill offal 40 bushels, onions 30 bushels, clover seed 5, sumac 2711 sacks, cows' hair 24 sacks, flour 374 bbls, butter 45 firkins, eggs 50 bbls and boxes, apples 7 bbls, wine 1 keg, tobacco 52 boxes, smoking tobacco 5 bbls, tan bark 59 cords, fish 4 bbls, fowns 10 coops, wood 12 cords, lumber 11,150 feet, barytes 49 tons, spokes 7200, hides 8 bundles, old iron 10,000 lbs, cows, calves &c., 34, sand 8 tons, rags 1750 lbs, bones 11,050, other freight 25 tons. Freight sent forward 576 tons.

A., L. & H.—Corn 3550 bushels, wheat 1710, oats 2550, meal 90, rye 44, flour 48 bbls, lime 171 bbls, butter 31 bbls, eggs 22 bbls, plows 18 castings 1300 lbs, wood and lumber 29 car loads, stock 2 car loads, calves 2 head, chickens 16

LOCAL ITEMS

A. L. & H. R. R. CONVENTION WITH GEORGETOWN.-The following letter from Georgetown is published in the Washington Star:- "Are we to have a railroad?" This is the query that meets us on every hand, and we do not hesitate to answer, emphatically, "Yes! we are." The people of Georgetown seem at last to have awakened to the conviction that their only hope of redemption depends upon the speedy establishment of one or more railroad connections with the outside business but one mind on that subject the next question | give any testimony. that presents itself is, in what direction can we operate to the greatest advantage? The opinion seems to prevail that the most feasible and eligible route with which to connect ourselves at present is the A., L. & H. road, the distance being short, the cost would be comparatively small and the time but brief for its completion, provided the most direct route be chosen. But let us by all means have the most direct route, especially if such connection a disposition manifested by our Corporation committee, in their interview the other day with the directors of the Loudoun road, to be unwilling to tap that road at any other than a police. very remote point, say Falls Church, from, we suppose, the dread that the interests of Georgetown would be jeoparized were we to connect at a point nearer Alexandria. Have the Georgetown people such a horror of the enterprise of Alexandria that they must needs expend three times the amount necessary for a direct connection with the Loudoun road, in order to avoid competition with such a finished city? We have no such fear. Georgetown can obtain an arrangement by which trains can be forwarded here without delay; and as we can afford a better market than Alexandria for nine-tenths of the articles that are sent from the Loudoun region, they will natually be forwarded here. Besides, if we strike the Loudoun road at Falls Church will we be benefited by such a connection by any other than the Virginia roads! No! That local connection would be all; but if we enter near Alexandria we will be brought into immediate union with the Orange and Alexandria road, the Manassas Gap, and with the railroad system of the South and before long, if it seems desirable and we should consent that such a route shall pass through our corporate limits, "our road" may become the great point of connecton between the North and South. |"Finished city!" We will see. Better market,"-we will see to that, too. Let it pass uow. |

ARAILROAD CASE.-The Lynchburg Vir. ginian, of this morning, contains the following notice of a legal case that was argued before Judge Spence, of that city, on Saturday evening last:

"The plaintiffs, Geo. D. Davis and John F. Slaughter, are coupon creditors of the Orange and Alexandria railroad company to the amount of \$6,000. They brought suit upon the coupons and got judgment. They they garnisheed funds of the Orange and Alexandria railroad company in the hands of the First National Bank of Lynchburg, and the Virginia and Tennessee railroad company. The trustees in the mortgage deeds of the Orange and Alexandria rail that the funds attached in the hands of the garnishees consisted of tolls, incomes and receipts of the Orange and Alexandria railroad company, and that inasmuch as the tolls, incomes and receipts of the company had been conveyed to the trustees in the mortgage deeds, consequently they were protected from the lien of the plaintiffs' judgment by the prior liens of the mortgage deeds. The bill of injunction therefore prays that the plaintiffs be perpetually restrained and inhibited from proceeding under their judgments at law, and that the for legitimate trade, and to move the crops funds which had been attached in the hands of the garnishees, be paid over to the trustees or to the Orange and Alexandria railroad company. The plaintiffs then move to dissolve the injunction on the ground that the Orange and Alexandria railroad company had no right to convey their tolls, incomes and receipts to trustees at all, and upon other grounds. The argument Saturday was upon the motion to is held in the hands of producers, awaiting the dissolve the injunction, and also upon the general merits of the cause. The style of the chancery cause is Marbury, &c., trustees, vs. Orange, Alexandria and Manassas railroad company, et al.

"The case was ably argued by Mr. R. G. H. Kean and Mr. R. T. Craighill for the plaintiffs and Major Garland and Mr. R. A. Coghill for the railroad company. The Judge reserved his decision."

AN EXAMPLE WORTHY OF IMITATION .- A former fellow-townsman, in forwarding his marriage notice for publication in the Gazette, sets an example worthy of imitation by all who enter into the "blissful bonds," and are deserving of a happy future. He writes:

"Enclosed please find a marriage notice, also one dollar (greenback) to pay for same, the usual fee in New Orleans. I send this with much pleasure, particularly, as I read a short time since in a copy of the Gazette, that the paper since its establishment had never received any pay for such insertions. I think its patrons should be liberal on such occasions, and as I have been almost a constant reader of the Gazette ever since I knew how to read, and feel anxious for its continued prosperity, I trust my example may be tollowed to the profit of your good self and associates."

TOURNAMENT .- The tournament to be held by the B.U.(H.F.,) C.A., next Monday at Carlin's Springs, bids fair to be a grand and successtul affair. A large number of Knights from Fairfax, Loudoun, Prince George's county Md., the District, and this city, have entered their names upon the lists. A handsome pair of silver gobblets, bearing this inscription: To the most successful Knight at the tournament of the B. U. (H. F.) C. A., August 24th, 1868," have been ordered, and will be on exhibition in the show window of Major Dutfey's jewelry store on King street. The crowns to be worn by the Queen of Love and Beauty and her Maids of honor, have been ordered from New York, and after completion at the fashionable milinery establishment of Mrs. Simpson, will be exhibited in her show window.

GEORGETOWN, D. C .- The Courier says that Georgetown has no other avenues for grain but the Chesapeake and Ohio Canal, and the Potomac River, whilst two railroads, in addition to those, pour the products of their lines into the lap of Alexandria. The Courier adds that the Georgetown merchants, in order to meet the home demand are daily purchasing grain in the Alexandria market-nevertheless to their advantage and profit, owing to the 'ruling price in Georgetown." Alexandria, we repeat, is one of the best grain markets in the whole country.

REMOVAL -It is stated by those who are familiar with the Radical programme that the office of the Virginia State Journal, new located in this city will be removed to Richmond sometime during next month.

SEVERELY HURT. - A disturbance occurred yesterday morning, about eleven o'clock, in a shanty on Royal street, north of Queen, be- Echool, where we learn, that especial attena colored man named Scipio Johnson, in which the latter was struck on the head with a hatch et, knocked senseless, and cut severely in the back. Previous to being injured, Johnson had attacked Wilson with a pistol, which had missed fire, but which he had used as a billy. The parties were both arrested, but Johnson world. And now that our citizens seem of has not recovered sufficiently to enable him to

TRICKS UPON TRAVELLERS: -- Of all tricks upon travellers, those played daily upon such as wish to stop in Alexandria, by the drivers of the two omnibuses of which this city boasts, are the most provoking, and the uuisance should be abated at once. That the landing places of the steamboats, and the railcan be shown to be the most advantageous as road depots, should be hourly made the scenes well as the most economical. We regret to see of squables and fights about the conveyance of passengers, by a white and a colored omnibus driver, is a reflection upon the efficency of the

ORDER OF ATTACHMENT. - In the Equity Court of Washington on Saturday last, an order was issued for attachment on John A. Rollins for disobeying injunction of the court. The controversy in which the injunction in question issued, grows out of a claim by the complainant to a portion of the proceeds of certain wood, turnished the United States at Alexandria, in 1863, in which the plaintiff alleges he was a copartner.

CORONER'S INQUEST .-- An inquest was held yesterday upon the body of a dead mulatto child found, that morning in a bouse in Hammerdinger's alley. Jane Stuart, colored, the only witness examined, stated that the child was her's, was four months old, and had gone to sleep the preceding night apparently well, and that the cause of its death during the night was to her unknown. The jury rendered a verdict in accordance with the testimony elicited.

VESSEL ROBBED. -On Saturday night last the mate of the schooner John T. Williams paid a visit in his yawl boat to the schr. Herschel-both vessels lying in the stream off this city. During the visit one of the crew of the Herschel, having robbed several of his shipmates, stole the hoat of the visitors, and successfully escaped with his plunder. Neither the boat nor the thief, has, as yet been heard

POTOMAC SLATE COMPANY. - Major S. R. Johnston, engineer of the Potomac State Mining Company, has left at this office specimens of the slate taken from the mines near Neabsco, in Prince William county, Va., which have been examined by experienced mineralogists, and pronounced to be of superior quality. The company have commenced operations, and will soon have their slate in market.

SUDDEN DEATH .- Alfred Malhoutier, cook of the French barque Ferriere, died suddenly on board that vessel last Saturday morning. At an autopsy, made last night by Dr. Hammond, it was discovered that the immediate cause of death was the rupture of an aneurism of the abdominal aorta. The body of the first lumbar verteora had been deeply eroded by the pulsations of the tumor.

WINCHESTER & STRASBURG R. R.-The Winchester News says:

"We augur the speedy commencement the Strasburg extension from the urgency of the authorities of the company in the matter of choosing a route through town. The Council have, after conference with Messrs. King and Randolph, President and Chief Engineers, taken steps to ascertain the comparative cost of damages to private property along the two routes spoken of-Kent and Market streets."

THE ALEXANDRIA MARKET .-- As an evidence of the excellence of the market of this city for country produce, it is mentioned that of the fifty-four car loads of that commodity that arrived here from the back country yesterdayevening, but thirteen went on through. The rest stopped here. The grain market, during the whole summer nearly, has ruled higher here than in the Northern cities.

Manassas R. R.—The Winchester News says: "So far, there seems to be business enough for both Manassas and the northern route. The time on the former road is to be greatly improved in a few days, when exclusively passenger trains, with new coal-burning engines, will be run. We congratulate our Warren and Shenandoah friends on this new convenience.'

ALEXANDRIA WASHINGTON, AND GEORGErown R. R. - Speaking of the injunction which has been applied for by Adams's Express Co. in the case of this road, the Georgetown Courier says :- "We have never been able to perceive why "Georgetown" should be included in the name of this railroad. It don't belong here, and no one here has or has had any thing to do

YESTERDAY'S STORM .- During the storm vesterday evening a coal vessel had her foresail carried away, and was blown ashore near Fort Foot, and a schooner that arrived here from the North lost her foretopsail. A large barn near Fort Washington was blown down. Considerable hail fell about four miles south of this city.

RECEIPTS OF GRAIN .- By reference to our eport of the receipts of produce by railroad, it will be seen that there were forty-two thousand three hundred and sixty-eight bushels of grain brought here last week over the Orange, Alexandria and Manassas, and Alexandria, Loudoun and Hampshire railroads. The amount by river was also large.

SUNDAY WORK .- The reason for the Sunday work performed yesterday in hauling wood through Washington street, was the want of fuel at a hot brick kiln near the city. The owners of the kiln, having been disappointed n obtaining their supply of wood, had to keep their fires burning by hauling wood from the city wood yards.

SUNDAY VISITORS. - A large number of persons came down from Washington, yesterday -many of whom previous to the services, visited Christ Church to look at that venerable edifice, and to see "Washington's pew."

PROF. FOERTSCH will give instruction in the German language at the Episcopal High tween a white man named John Wilson, and tion is given to this tongue, fast becoming prevalent in this country, and the repository of great intellectual treasure.

> LARGE PRODUCE RECEIPTS .- Among the freight received at the local depot of the Orange, Alexandria and Manassas Railroad, this morning, were nine thousand bushels of grain and one thousand sacks of sumac.

FEAST OF THE ASSUMPTION. - Saturday last was the feast of the Assumption of the blessed Virgin Mary, and was duly celebrated in the Catholic Church. The French barque lying here was decorated in honor of the day.

BALL .- A grand ball will be given at the Potomac Gardens to-night. A large attendance is expected, and such preparations have been made as will secure to all who may be present an agreeable time.

DECORATIONS .- The French barque in this port was gaily decorated with flags, on Saturday and yesterday. Saturday was the anniversary of the inauguration of the First Emperor Napoleon.

STOPPAGE OF LOCAL TRAINS. - The local trains on the Washington, Alexandria and Georgetown railroad, heretofore run on Sundays, have been suspended for the present.

BAPTIZING. - Several colored persons were

baptized yesterday afternoon, at the usuai place near Battery Rodgers. A large concourse of colored persons attended. PARDON REFUSED .- Governor Wells last week refused to pardon Thomas Williams, con-

victed of horse-stealing in the Circuit Court of Alexandria. WATERMELONS.-The supply is large and increasing. We learn that the crop is most

abundant in all the neighboring counties. RAIN. - We had, yesterday, a fine shower, which was wanted, in town, "to lay the dust."

POLICE REPORT-MAYOR'S OFFICE.-A. Metzger, for obstructing the sidewalks, was fined and discharged.

Thomas Downey, for selling liquor without the proper license, was fined and discharged. John Kelly, a sailor, for disorderly conduct at the house of Mattie True, was fined and

Ellen Hoy, as a vagrant, was sent to the work house for ninety days. Rosetta Stuart, for disorderly conduct, was fined and discharged

Edward Wallace, Thomas McSherry, Barny Bennet, Jack Bridget and Mike Cunny, all boys between 12 and 14 years of age, picked up last night by the watch, were discharged with reprimand. - Copenhaver, for allowing a nuisance

on his premises, was fined and discharged. MAGISTRATES' OFFICE. - John Wilson, for cutting Scipio Johnson, colored, with a hatchet, was committed to jail for further exami-

William Lee, colored, for stealing a revolver from William Triplett, also colored, was discharged upon a promise to return the stolen
